

# Architectural Slimline Overhead Door Closer

ICK1955 Size 2-5

## Product Overview:

A highly efficient, durable and stylish variable power overhead door closer. Suitable for most applications particularly those with public use.

## Testing & Standards:

- CE marked against EN 1154
- Included in successful fire test to EN 1634
- Certifire approved - refer to CF689 for scope of approval
- Safe in use
- High corrosion resistance

## BS8300/Equalities Act Approved Document 'M'

The ICK1955 Overhead door closer (Standard fixing position) has an opening force (0-30°) less than 30N when fitted to a minimum width door of 900mm (Fig 1) & 826mm (Fig 6), and has an opening force (30-60°) less than 22.5N when fitted to a minimum width door of 826mm.

Therefore the suitable width of door for the ICK1955 Overhead door closer when fitted in the above fixing positions shall be 900mm, Fig 1 & 826mm Fig 6.

NOTE : BS 8300 Requirements are for the whole door set and therefore the minimum suitable door width will increase when the door closer is fitted with all other items of ironmongery on site.

## Specification

Closing force (Fig 1 & Fig 6)	EN Size	2-5
Door Size (max)	Width (mm)	1250
	Weight (kg)	100
